

AMENDMENTS TO THE CLAIMS

1. (Currently Amended) An electronic device which comprises an electromagnetic shield, said electromagnetic shield comprising:

a metal foil and a metal plate that are connected to each other,  
wherein at a connecting portion of said metal foil and said metal plate, a protrusion, formed by deforming said metal foil along an edge of said metal foil, is fitted into a hole formed along an edge of said metal plate, said metal foil and said metal plate are fastened to each other with a screw at said connecting portion.

2. (Original) The electronic device according to claim 1, wherein said protrusion is formed by rolling up said edge of said metal foil.

3. (Original) The electronic device according to claim 1, wherein said protrusion is formed by bending said edge of said metal foil.

4 (Cancelled)

5. (Previously presented) An electronic device which comprises an electromagnetic shield, said electromagnetic shield comprising:

a metal foil and a metal plate that are connected to each other,  
wherein: at a connecting portion of said metal foil and said metal plate, a protrusion, formed by deforming said metal foil, is formed on said metal foil, and at a position apart from said protrusion in said connecting portion, said

metal foil and said metal plate are fastened to each other with a screw so that said protrusion is toward said metal plate.

6. (Original) The electronic device according to claim 5, wherein said protrusion is formed by rolling up said edge of said metal foil.

7. (Original) The electronic device according to claim 5, wherein said protrusion is formed by subjecting said metal foil to a drawing process.

8. (Withdrawn)

9. The electronic device according to claim 1, said metal foil comprising:

a rib formed by bending.

10. The electronic device according to claim 5, said metal foil comprising:

a rib formed by bending.

11.-20. (Withdrawn)

21. The electronic device of claim 5 wherein said metal plate includes a hole for receiving said protrusion and wherein said protrusion is pressed into said hole.

22. (Withdrawn)
